

Stagg Hill Members,

My name is Jason Lembright and I would appreciate being considered for another 3 year term on your board of directors. Over the last 3 years I have seen this golf course shape into the best I've ever seen it. I would like to give another 3 years to help make it even better. I have been a Manhattan resident since 1999 and Stagg Hill has always been my home as it was for my Father in the early 70's. I vow to donate as much time as possible the help this golf course an be friendly face that any member can an approach at any time with concerns or comments. The future is very very bright for this golf course and I will continue to support it any way that I can.

Thank you,
Jason Lembright
