

Kayla Howard

Thanks for considering me for a place on the Board. Since becoming members at Stagg Hill last year, my husband Justin has seen me go from simply supporting his hobby to becoming fully involved and loving the sport right alongside him.

I have worked at Big Lakes Developmental Center for 15 years, assisting individuals with intellectual or developmental disabilities in their day to day lives. I absolutely love my job and the people I support.

Golfing at Stagg Hill has brought my husband and I closer as a couple, and has brought a new fun, competitive, and unique aspect to our marriage that I didn't realize we were missing. Summer Couples League has us looking forward to every Friday night, and the vibes are always so much fun. I'd love to dedicate time to the Club and help out in any way I can to show my appreciation.

Thank you staff, management, and members!
